EDIT Record: 1/1 888SECT.888SECT.SUBJ.CODE(1) SAVE ellucian

The first changes to notice are in the selection field (1). This information is no longer editable once a course has been selected. To make changes to this information, you will have to click "Start Over" (2) or use keyboard shortcut F5.

The screenshot displays the 'Schedule SSASECT 9.3.10 (bnrdev)' interface. At the top, the header shows 'Term: 201820 CRN: 21425 Subject: UWYO Course: 9990 Title: WyoCourses Test Course'. A red circle labeled '1' highlights the 'Title' field, and another red circle labeled '2' highlights the 'Start Over' button in the top right corner.

The main content area is divided into several sections:

- COURSE SECTION INFORMATION:** Includes fields for Subject (UWYO), Campus (M - Main), Grade Mode (D - Developmental), Course Number (9990), Status (A - Active), Session, Title (WyoCourses Test Course), Schedule Type (LEC - Lecture), Special Approval, Section (01), Instructional Method (TR - Traditional), Duration, and Cross List.
- CLASS TYPE:** Includes Traditional Class (Part of Term 1, Start 01/22/2018, End 05/04/2018, Credits 16) and Open Learning Class.
- CREDIT HOURS:** Includes Credit Hours (0.000 to 5.000, selected 1.000), Billing Hours (0.000 to 5.000, selected 1.000), and Contact Hours (None, To, Or).
- CLASS INDICATORS:** Includes Prerequisite Check (Basic or None, CAPP, DegreeWorks), Method (CEU Indicator), Link Identifier, Attendance Method, Daily Contact Hours, Print, Gradable (checked), Tuition and Fee Waiver, Long Title, Comments, and Syllabus.

The bottom status bar shows 'EDIT Record: 1/1 558SECT.558SECT_SURJ_CODE (1) ellucian SAVE'.

Two other important changes to the top of the page are the More Information (1) option and the Related (2) button. When selected, More Information will provide some additional information relevant to the form – in the case below it shows additional requirements for LAW courses and Outreach information:

The screenshot displays a course scheduling system interface. At the top, the course details are: Term: 201820, CRN: 21425, Subject: UWYO, Course: 9990, Title: WyoCourses Test Course. The interface is divided into several sections: COURSE SECTION INFORMATION, CLASS TYPE, CREDIT HOURS, and CLASS INDICATORS. A pop-up window titled 'Supplemental Data SSASECT 9.3.10 (bnrdev)' is open, showing a table with columns for 'Required/Elective (LAW)', 'Semesters Offered (LAW)', and 'Class Year Offered (LAW)'. Below the table, there are fields for 'Shared w/OCIP (Outreach)', 'Outreach Change Notes', and 'Casper College Faculty (Y/N)'. The bottom of the pop-up window contains a list of codes and descriptions: '1 First Year Only 2 Second Year Only 3 Third Year Only 12 First and Second Year 123 First, Second and Third Year 13 First and Third Year 23 Second and Third Year'. The main interface also shows various input fields for course details, credit hours, and indicators.

The screenshot shows the SSASECT 9.3.10 (bnrdev) application. The main window displays course details for 'WyoCourses Test Course' (CRN: 21425, Subject: UWYO, Course: 9990). The interface is divided into several sections: COURSE SECTION INFORMATION, CLASS TYPE, CREDIT HOURS, and CLASS INDICATORS. A sidebar on the right contains a search bar and a list of related screens, with the 'RELATED' button and search bar highlighted by red circles and numbers 1 and 2 respectively. The bottom status bar shows 'Record: 1/1' and 'SSASECT.SSASECT_SUBL_CODE [1]'.

If the Related button (1) is selected, it will list all screens that are related to the subject of this form – for SSASECT this is the term and CRN. This list of screens can be searched (2) and any screen listed can be opened with a single click. Note that these screens will open on top of SSASECT, so you once you have finished working with an opened screen, you can close it via the X in the top-left corner or the keyboard shortcut ctrl + q to be brought back to where you were on SSASECT.

Besides these changes, the fields are still the same across Banner 9 Admin pages and Banner INB. One main difference is the readability of the screens. One good example is the Reserved Seats page of the Section Enrollment Information tab. Here it is in Banner INB:
