Address Change for Members

If you have moved, the address for all family members can be changed at once if the “Update member records with the same address” is check marked.

1. Log into your family’s account and click on the “Continue to Family” button.

2. Click on the button.
3. Make corrections to the address and place a checkmark in the “Update member records with the same address”.

4. Press Continue at the bottom of the page.

5. The new address should be reflected on each of the family members profiles.
